AGENDA
OCT 4-5, 2010

6th Annual
Clean Carbon
Policy Summit & Project Expo

OCTOBER 4-5, 2010 • DRISKILL HOTEL • AUSTIN, TEXAS

MONDAY, OCTOBER 4TH

5:30 – 7:30 pm Kick-Off Reception (Sponsored by Tenaska)

TUESDAY, OCTOBER 5TH

7:30 – 8:15 am Registration Open (Sponsored by GE)

Continental Breakfast

8:15 – 9:30 am **GENERAL ASSEMBLY I – WELCOME TO TEXAS**

Welcome Address: Clean Coal Technology Foundation of Texas (CCTFT)
Mark Walker, Chairman, CCTFT and Director of Regulatory Affairs, NRG Energy
Overview of the Summit and an outline of 2010 – 2011 energy policy objectives

Moderator: Senator Tommy Williams, Texas Senate (invited)

Open for Business

Susan Combs, Texas Comptroller of Public Accounts

Comptroller of world's 11th largest economy and the author of 2008 Texas Energy Report gives an updated perspective on Texas energy landscape and previews the 2010 Supplement to the Texas Energy Report

Overview of State Programs

Michael J. Nasi, Partner, Jackson Walker LLP

A brief look at clean coal technology incentives in Texas and other state CCS statutes of interest

Q&A

9:30 – 10:00 am Morning Break with Exhibits (Sponsored by ACCE)

10:00 – 11:45 am **GENERAL ASSEMBLY II – AGENCY & UNIVERSITY UPDATE**

Moderator: State Representative Warren Chisum, Texas House of Representatives

Texas Perspective on the State and Federal Conflict Over GHG Regulation

Dr. Bryan W. Shaw, Chairman, Texas Commission on Environmental Quality

The TCEQ Chairman shares Texas' perspective on regulation of carbon based energy, as well as the State's response to major Federal initiatives, including regulation of greenhouse gas emissions

How Will Texas Satisfy Its Future Baseload Power Needs?

Commissioner Kenneth W. Anderson, Public Utility Commission of Texas

PUC Commissioner Ken Anderson will discuss the Commission's desire to maintain a balanced fuel mix - and the importance of coal - in providing base load power

The Bureau's Carbon Footprint

Jay Kipper, Associate Director, Bureau of Economic Geology

An update on the BEG's carbon capture storage initiatives, including an update on the Texas Offshore Carbon Repository

Q&A

12:00 – 1:00 pm Luncheon with Keynote Address (Sponsored by AEP)

AGENDA
OCT 4-5, 2010

6th Annual
Clean Carbon
Policy Summit & Project Expo

OCTOBER 4-5, 2010 • DRISKILL HOTEL • AUSTIN, TEXAS

TUESDAY, OCTOBER 5TH (CONTINUED)

1:00 – 3:00 pm GENERAL ASSEMBLY III: PROJECT UPDATES

Moderator: State Representative Burt Solomons, Chairman of State Affairs, Texas House of Representatives

Update on Tenaska's Trailblazer Energy Center

Jeffery K. James, Director of Business Development, Tenaska, Inc.

A progress update on Tenaska's Trailblazer Energy Center, a first-of-its kind pulverized coal plant designed to capture 85-90 percent of carbon dioxide produced and transport it to the Permian Basin for use in enhanced oil recovery

WA Parish Project

David Greeson, Vice President, Development, NRG Energy

An overview of NRG's carbon capture and storage project at its WA Parish Power Station

AEP's CCS Demonstration

Daniel Duellman, Director of New Generation & CCS Engineering, American Electric Power

An overview of AEP's Mountaineer Project, which will store 235 MW equivalent of CO₂ by the end of 2015

Q&A

3:00 – 3:30 pm Afternoon Break with Exhibits (Sponsored by ACCCE)

3:30 – 5:00 pm GENERAL ASSEMBLY IV: STATE & FEDERAL POLICY UPDATES

Moderator: State Representative Mark Strama, Chairman of Technology, Economic Development & Workforce Committee, Texas House of Representatives (invited)

North Dakota Amalgamation Legislation and Related CCS Initiatives

John Harju, Energy and Economic Research Center (EERC)(invited)

Overview of North Dakota's recently passed suite of CCS legislation, including SB 2095, SB 2139, and SB 2221 (2009)

Wyoming's Efforts at Regulatory Certainty

State Representative Thomas E. Lubnau, Wyoming House of Representatives

Insights into Wyoming's innovative carbon sequestration laws, including a discussion of HB 89 & 90 (2008), HB 57, 58, & 80 (2009), and HB 17 (2010)

Carbon Sequestration: Resource Management Through The Storage of Carbon Dioxide in Geologic Structures

Michael B. Donald, Partner, Jones, Walker, Waechter, Poitevent, Carrère & Denègre LLP

An explanation of Louisiana's proactive approach to facilitating geologic storage of CO₂, including an overview of HB 1220 (2008) and HB 661 & HB 1117 (2009)

State and Federal Survey of CCS Legislation

John Thompson, Director, Coal Transition Project, Clean Air Task Force

Discussion of other state CCS initiatives, as well as recent developments at the federal level

Q&A

5:00 – 6:30 pm Summit Networking Event

(Recognizing members of CCTFT's Technical Advisory Committee)
